An introduction to GradPath

What is GradPath ?

- GradPath is the online degree audit process.
- GradPath is designed to assist in tracking progress towards your degree.
- When you submit a form on GradPath it is routed to the relevant approvers in your department and the Graduate College.

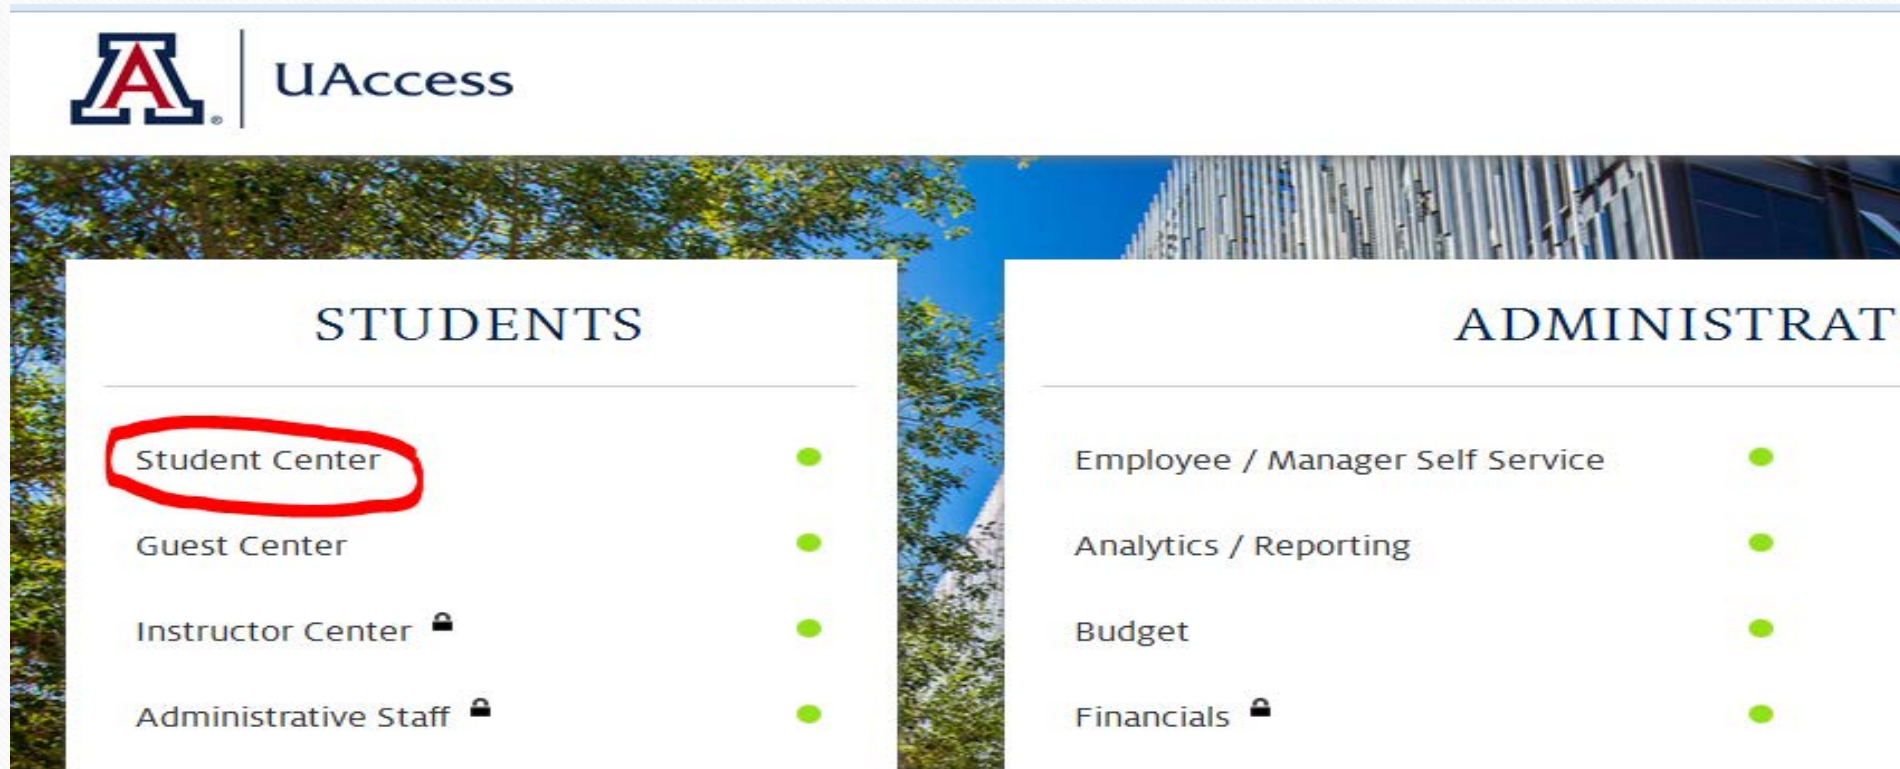

Why is GradPath important ?

- You must submit all the GradPath forms in order to graduate.
- What if I submitted paper forms before GradPath existed ?
- You do not need to re-submit those forms on GradPath, you just need to submit the remaining forms on GradPath.

Where do I find GradPath ?

Go to uaccess.Arizona.edu
